CAN WE DO PAPER AND/OR ONLINE

We ask that you choose one or the other, either all paper order forms or all online orders. If you choose to go paper, you must tally all order forms and provide a total order for each product. **Online is recommended**

ARE THERE MINIMUMS TO PRINT?

Yes. We will provide you with a pdf outlining the minimums needed to print. Here's a quick explanation.
Print - Up to 4-color Design - 12 pcs (36+ for 5/6 colors)
Embroidery and Heat Seal (Vinyl) - 6 pieces
Exceptions: Screen Print on cotton vs. poly requires different ink, therefore separate minimums. Flat vs. curved embroidery requires separate minimums (i.e. Polos and Hats).

HOW DOES THE FUNDRAISING WORK?

Before starting the store, if you want to raise funds you can add a dollar amount markup to each product, or simply tell us you want to make x% per product. For group orders, you can choose to not add any markup. When the site closes, we'll send you the commission earned!

WHAT IS THE TURNAROUND TIME?

Turnaround time ranges from 2 - 4 weeks. Group orders that don't require each order be individually bagged usually take 2 weeks from close of site. Larger spiritwear stores with individually bagged orders typically take 3 - 4 weeks.

HOW ARE ORDERS DISTRIBUTED?

Choose from in-store pickup for local orders, shipping, or distribute on your own. You can give your customer the option to pickup or have it shipped. If you choose to distribute on your own, we can either individually bag orders, or box them up as a group. Need it bagged by team, teacher, grade, etc? No problem, just request that before starting your store! **Individually bagged orders adds $1/product**

WHERE CAN I FIND PRODUCT OPTIONS?

The best place to start is on our website. You can go to Thinklocalprinting.com/catalogs to start browsing products by our vendors/brands or choose from some of our vendors pre-selected catalogs for a quicker & more curated list. We can also suggest products for you!
